PROFESSIONAL MATURITY

1. Assistant Manager (Project Controller, Project Management Office)

Employer: Rangs Properties Ltd., Tegjaon, Dhaka

[Aug 2025 – ongoing]

Job Overview:

- Develop and maintain integrated **project schedules**, ensuring accurate tracking of **milestones, dependencies**, and deliverables.
- Monitor **project performance, cost, and resource utilization** against approved baselines.
- Prepare concise **progress reports, dashboards, and variance analyses** for management review.
- Implement and uphold **PMO standards, processes, and governance** frameworks.
- Coordinate with project teams to identify and **mitigate risks, issues, challenges and change** impacts.
- Maintain up-to-date **project documentation, including charters, risk registers**, and change logs.
- Liaise with finance and procurement for **budget control, cost forecasting**, and cash flow monitoring.
- Support **audits, performance reviews, and compliance** with corporate and client requirement.

2. Senior Project Engineer

[April 2024 – Aug 2025]

Employer: Shanta Holdings limited, 187,188/B, Shanta Forum, East Tower

Job Overview:

- Reviewed **architectural and structural drawings**, coordinating with **architects and consultants** to resolve design conflicts.
- Supervised daily construction activities and ensured adherence to **schedule, quality, and safety standards**.
- Conducted site inspections to verify material quality, workmanship, and compliance with specifications.
- Monitored progress, **identified potential delays**, and **implemented corrective** measures.
- Enforced quality control procedures, minimizing rework and material wastage.
- Managed material usage, inventory, and timely procurement.
- Led and **motivated construction teams to achieve project milestones** efficiently.
- Maintained daily site records, inspection logs, and progress reports for management

Extra-curricular

- One of the Organizer of Civil fest at MIST (2019)
- Participation in the Quiz Competition organized by Literature Club of BUP (2018)
- Participation in the Quizzing at IUT (2016 & 2017)
- Participation in the Truss Challenge in Cennovation (2016) Organized by Civil engineering dept. of IUT
- Participation in the Quiz competition at BUET organized by BUET Robotics club (2016)
- 13th Position in National Science Olympiad (2011) organized by daily “The Prothom Alo”

Professional Training

- Training on Civil Engineering and Project Management

Course Duration: April 30, 2023 to May 16, 2023

Duration: 25 hour and 30 minutes

Conducted by: Navana Real Estate Ltd. (Concern of Navana Group)

3. Assistant Project Engineer

[July 2022 – March 2024]

Employer: Navana Real Estate Limited, House-3/A, Road-90, Gulshan-2

Job Overview:

- Worked in overseeing the construction of both residential and commercial properties, which involved managing **various aspects of the structural and foundation engineering** processes.
- Involved in ensuring that the construction met the **required quality standards** both before and after the completion of work.
- Experienced in **managing and coordinating multiple projects** simultaneously.
- Experience in **verifying the accuracy and completeness of bills** related to civil work, which were submitted by contractors.
- Worked in developing and **maintaining positive relationships with clients** as well as landlords.
- Worked with using a **variety of chemicals in construction, particularly in the process of pouring concrete** for both structural and non-structural components.

4. Junior Engineer

[January 2020 – June 2022]

Employer: Construction Supervision Consultant, Bangladesh Army

Project Name: Padma Bridge Rail Link Project under Bangladesh Railway Department (A Fast Track International Project of the Government of the People's Republic of Bangladesh)

Consultant Name: Construction Supervision Consultant (Core of Engineers, Bangladesh Army)

Contracture: China Rail Construction Corporation (CRCC), One of the leading rail contractors of China.

Client: Bangladesh Railway.

Funded by: Exim Bank of China Republic

Job Overview:

- Supervised cast-in-situ piling works (1.2m, 1.5m & 2.2m dia up to 90m depth), along with bridge substructure and superstructure activities including pile caps, cofferdam installation, pier columns, seismic blocks, pier caps, concrete works, bearing pad installation, pile load testing, SLT, PIT, and construction of culverts, underpasses, and settlement joints.
- Maintained effective coordination and professional relationships with clients, consultants, and stakeholders to ensure smooth project execution
- Conducted field and lab material tests (FDT, MDT, PI, CBR), material sampling, concrete mix design, and post-construction assessments (core cutting, rebound hammer).

Personal Interest

Travelling

Music

Reading

Movies

- Performed earthwork improvement activities including CMP, backfilling, PVD, piezometer analysis, EV2 modulus tests, DCP, and settlement monitoring.
- Supervised a 2 km internal road project, covering sub-base, base, binder course, asphalt works, and compaction as per RHD/LGED standards.
- Implemented OSHA-based HSE practices and supported environmental impact assessments (air, groundwater, noise, surface water).
- Executed survey operations using Total Station, GPS, Level Staff,

ACADEMIC PROFILE

Bachelor of Science (B.Sc.) in Civil Engineering

(Structural engineering as major & Environment engineering as minor)

Military Institute of Science and Technology (MIST), Dhaka

[Year 2016 to 2020]

Higher Secondary Certificate (HSC)

RAJUK Uttara model College.

[July 2013 -August 2015]

Secondary School Certificate (SSC)

RAJUK Uttara Model College.

[February 2008 –April 2013]
